**Cliff Walk**

The public access Cliff Walk along the eastern shore of Newport, a National Recreation Trail in a National Historic District, combines the natural beauty of Newport's shoreline with the architectural history of Newport's gilded age. Wildflowers, birds, geology all add to this delightful walk.

**Visit the Mansions**

During the Gilded Age, America's wealthiest families flocked to the City by the Sea and its surrounding areas. The meticulous preservation of more than a dozen of these homes provides intimate access to the artistry, personality, and complex culture that went into these colossal time capsules.
