The final list of agenda items for the April 15 working session are as follows:

1. To approve the draft minutes of the February 18, 2021 and March 18, 2021 Participants Committee “Pathways Study” meetings. The draft preliminary minutes of those meetings are included with this supplemental notice and posted with the meeting materials.
2. Presentation & continued discussion to help scope and define the ISO’s pathways analyses, including:
  - Discussions to further develop any outstanding elements within the study scope of the FCEM and net carbon pricing frameworks;
  - ISO’s response to feedback; and
  - Kickoff of modeling discussions on the planned studies.
