

COME CLIMB MOUNT PIERCE!

For those interested Dan Allegretti, who lives in the area and volunteers with the US Forest Service, will lead a hike to the summit of Mount Pierce. This moderate intensity hike will leave from the Mount Clinton Road parking lot, about 5 minutes' drive down Route 302 from the hotel. To reach the 4,310-foot summit will take approximately 4 hours and will cover a total distance of 6.2 miles. The hike will be along the famous Crawford Path, which is part of the Appalachian Trail and is believed to be the oldest hiking path in America. Most of the hike will be below tree line, however, the summit itself will afford spectacular views of the Presidential Mountains, including Mount Washington.

Although there is no fee for this hike, we do need an advance headcount. If you are interested, please email Dan at dallegretti@hullstreetenergy.com by no later than June 21. In addition, please plan to bring your hiking gear, including appropriate footwear, a backpack and clothing for the cooler temperatures at the summit.

We will meet in the lobby at the conclusion of the business session on Wednesday and plan to return in time for that evening's events.

Anyone with questions about the hike, including what to bring, should reach out to Dan directly at (603) 290-0040.
