2026 GIS ENHANCEMENT QUEUE

B	C	D	E	F	G
GIS Enhancement	Procedural History/Status	Estimated Development Hours	Total Cost (@\$180/hr) D*180	2026 Development Hrs Applied	Net Cost (D-F)*180
Certificate Statistics Public Report Request <i>Changes to the GIS to expand generator location disclosures on Report.</i>	• Proponent finalizing; MC referral to be requested thereafter	TBD	TBD		TBD
ME/RI RPS Request <i>Changes to the GIS and the Rules to provide air emissions data not required for biomass and landfill gas facilities to be eligible for the ME and RI RPS.</i>	• Proponent finalizing; MC referral to be requested thereafter	TBD	TBD		TBD

2026 Pre-Paid Development Hours: 500
 Development Hours - Hourly Rate: \$180

2026 Prepaid Development Hours Unapplied 476

APR 9 NPC EXAMPLES/NOTES

The Net Cost of the **VT PUC Tier 2 Request**, because it is being entirely covered by available development hours, will be **\$0**.

$$(D-F)*180 \text{ or } (24-24)*180 = \$0$$

The Net Cost of the **Vistra Account Delegation Request**, if (i) approved and (ii) Total Cost off-set by all of the remaining (476) development hours, would be **\$100,980**.

$$(D-F)*180 \text{ or } (1037-476)*180 = \$100,980$$

Once Annual Development Hours have been fully depleted, for later-approved enhancements, Total Cost = Net Cost.

$$D*180 - 0 = G$$
